

Hannover ⇄ Novara: new P400 rail connection

New intermodal service

Hupac launches a direct rail connection between Hannover and Novara CIM as per January 2018.

The new intermodal service offers three departures per week and direction. This dedicated train is an evolution of today's Hamburg/Hannover ⇄ Busto shuttle that continues to run as a Hamburg ⇄ Busto service.

With the new Hannover ⇄ Novara connection, Hupac expands its pan-European 4-m-network and responds to the growing market requirements for P400 semitrailer transportation between Northern Europe and Italy.
