

New container depot at Singen terminal

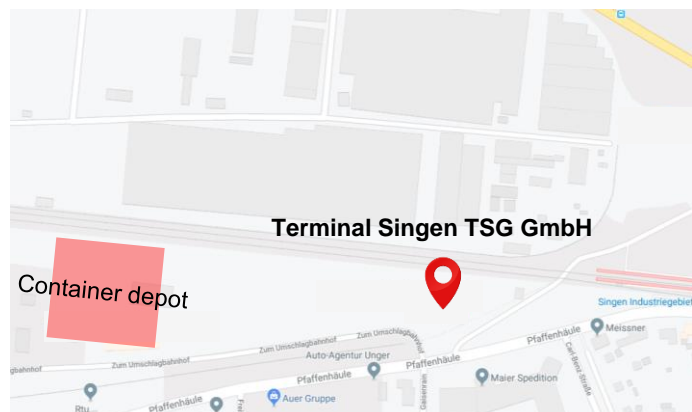

Full service for your empty containers

The terminal of Singen extends its service range with new support functions for maritime transportation:

- ✓ Container depot of 11.000 m² directly on the terminal area
- ✓ Capacity for 1700 TEUs with stacks of five containers on top of each other
- ✓ 2 reach-stackers for fully loaded units. For the future we plan one stacker for fully loaded and one for empty containers, thus reaching an even higher capacity
- ✓ Transfer service from/to transshipment area performed by TSG staff

Our services

- ✓ Container inspection
- ✓ Daily stockreport
- ✓ SOLAS weight
- ✓ Small repair works on containers
