■ ERS Railways network

Shuttle Net

Get access to the most attractive intermodal network in Europe.

Landbridge China

Take the fast line to connect Europe and China.

Company Shuttle

Charter your own train and secure capacity at a competitive price.

Maritime Logistics

We deliver quality port-to-door.

YOUR ADVANTAGES

Strong partner with an extensive intermodal network

Own resources for reliability and long-term perspectives:
wagons, terminals, railway partners

Full package of digital & technical services

Eco-friendly: we save 90% CO₂ and 75% energy

**Solution for climate
protection and
energy transition**

Environmental
performance
Hupac

Saving

CO₂ emissions

**1.5 million tonnes
90% less CO₂**

Energy consumption

**17 billion megajoules
75% less energy**

Own resources, flexible solutions: a servi

Integrated European network

Hupac's network covers the entire continent with daily trains. Focal points are the economic areas in Germany, northern Italy, Belgium and the Netherlands. From there, dozens of trains connect peripheral and emerging markets such as Spain, France, Scandinavia, Poland, Switzerland, Austria, south-east Europe and Turkey.

Dedicated terminals

Our network is based on efficient terminals managed or co-managed by Hupac. The main locations are north Italy, Antwerp, Rotterdam, Duisburg, Ludwigshafen, Singen and Warsaw/Brwinów. Terminal projects are located in Duisburg, Basel, Brescia, Milan and Piacenza.

Own railcars

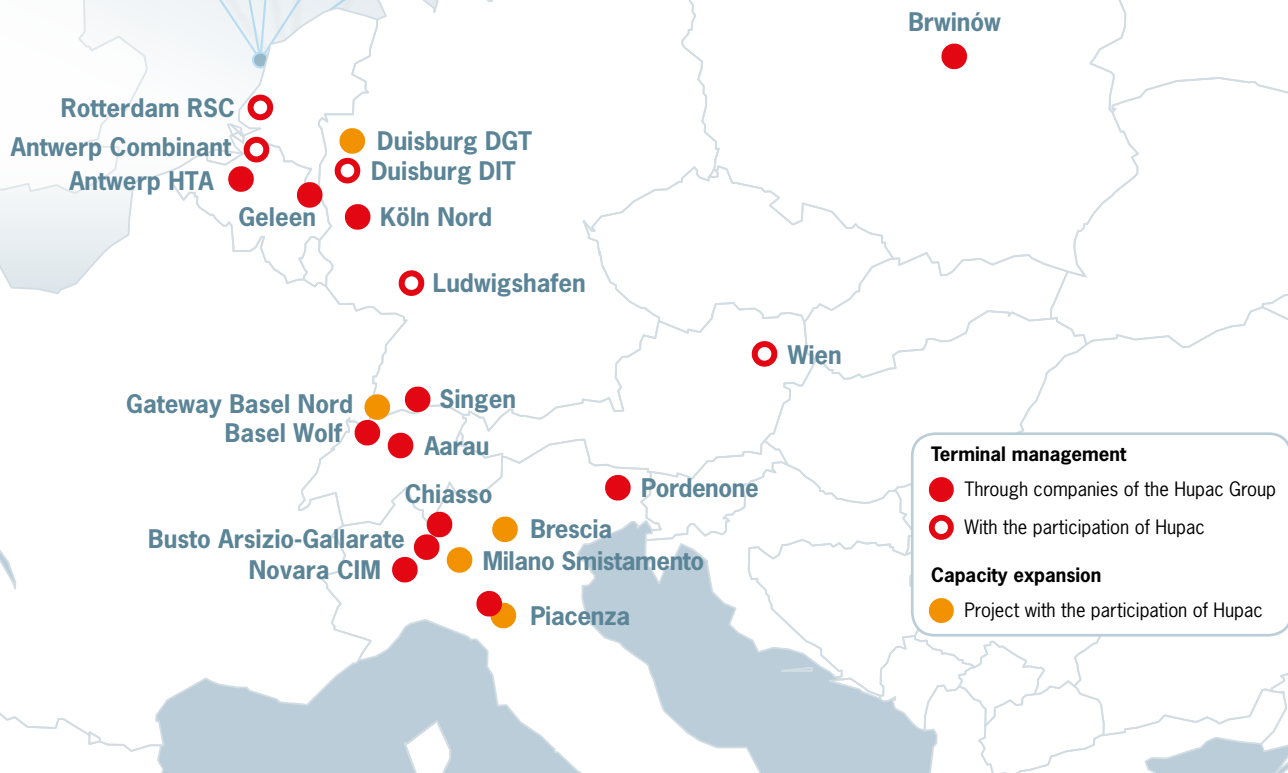

Hupac operates a fleet of 9,100 wagon platforms for all types of loading units, which offers clear advantages in terms of independence, flexibility and reliability.

Expert teams in Switzerland and Europe

Our teams based in Switzerland, Italy, Germany, Belgium, the Netherlands, Spain, Poland, Russia and China are available to assist you with all your needs and ensure you enjoy a full service experience.

Dedicated terminals to ensure transshipment capacity

ce you can count on

Selected rail partners

Hupac supports rail liberalization and chooses the optimal rail partner for each relation. Our more than 20 rail partners are the best-in-class in their regional market. We focus on long-term partnerships and are committed to efficient and reliable processes.

Digital services to make intermodal easier

Hupac is leading in digitalising intermodal services. Easy booking, seamless track & trace, machine-to-machine data exchange, digitally supported terminal processes and estimated time of pick-up are just some of the many benefits you can count on for your transports.

Prepared for contingency management

A fleet of reserve train sets, own locomotive drivers ready to step in when needed, an extensive network offering a variety of alternatives, a 24/7 traffic control team supported by AI planning tools – that's how we keep the traffic moving even in tough times.

Technical support

We provide all the technical advice you need to ensure that your vehicles are always compatible with the requirements of combined transport.

We shape the future of intermodal transport

Intermodal

We connect rail with road and sea all over Europe and beyond.

Connected

Our customers benefit from the power of a strong network.

Smart

We are the smart way of doing intermodal, with a wide range of services at a fair price.

Safe

Safety is our top priority: today and tomorrow

Service

We run the extra-mile for our customers.

Quality

We fight for upgrading the performance of the rail system.

Agile

We listen, we cooperate, we develop, we deliver.

Emission-free

Together we make the green revolution happen.
