## Connecting intermodal networks

Take advantage of Hupac's extensive network in Europe, perfectly integrated to all major destinations in China. Our direct train services take you into the heart of Europe. From here you can reach dozens of destinations – ecofriendly by train.

## We take you further

No boundaries for your shipments beyond China: we take you to neighbouring countries like Japan, Korea, Kazakhstan, Uzbekistan, Mongolia, Laos, Thailand, Vietnam and others along the Belt and the Road. In addition, we offer domestic services in China.

## Single container solutions

Even if it's just one single container: we help you to build up your connections between China and Europe. Competitive transit time and prices can be offered especially for shipments from/to Italy, France, Spain, south Germany and Scandinavia.

## Block train solutions

We run tailor-made block trains for large transportation volumes. Get in touch with our staff for your trains between industrial areas in China and all destinations in Europe, in close cooperation with City Platforms and CRCT.

## One-stop-shop

Our teams based in Chiasso/Switzerland and Shanghai/China arrange all logistics services you need, such as trucking, customs service, empty container handling and depot services.
