

**Hupac and Intercontainer Scandinavia****New intermodal network between Sweden and Italy**

**Chiasso/Göteborg 29.11.2011 The Swiss Hupac and the Swedish Intercontainer Scandinavia join their forces to offer a powerful intermodal network between Sweden and Italy.**

Hupac Intermodal SA and Intercontainer Scandinavia AB will be starting cooperation as from 11.12.2011 with the aim to offer a one-stop-shop intermodal network between Sweden and Italy. The cooperation will match the existing network of Intercontainer in Sweden with the links to/from Verona, Busto Arsizio and Denmark via Taulov operated by Hupac. Connection point of both networks is the Malmö CT terminal.

Intercontainer Scandinavia AB has been appointed agent on the Swedish market for Hupac. The Göteborg based intermodal operator will provide for booking service as well as commercial and operational assistance for all Swedish customers.

Rail-traffic between Malmö CT and the domestic network will start on 11 December 2011. Initially there will be six departures per week and direction with overnight connections to the destinations that Intercontainer is running today:

From Malmö	to/from	Västerås
		Norrköping
		Södertälje
		Borlänge
		Gävle
		Örebro CT
		Göteborg SKH / ÄBH

Numerous further domestic destinations in Sweden can be reached. Southbound, the Hupac network offers 12 direct shuttle trains per week and directions to Busto Arsizio and 5 direct trains to Verona for 4-meter semitrailers. From Busto Arsizio there are several ongoing domestic links.
