### Temporary storage rules

1. Vehicles arriving by train at the terminal have to be picked up as soon as possible.
2. If the vehicle cannot be picked up immediately, it could be stored at the terminal free of charge during the day of arrival and the following working day. RTC will grant an exception for the units arrived on Friday and Saturday picked-up within Monday evening: in this particular case RTC will not charge any storage fee for the weekend.
3. If the above-mentioned time has expired (day of arrival + one working day), an amount will be collected according to the table "Fees per calendar day". Fractions of a day are considered a whole day. During the storage period, holidays and days, on which the terminal is closed, are also charged.
4. Vehicles that arrive and depart exclusively by road, without using the train (only depot), are required to pay for every day of stay. No free days are granted. Depot is available only subject to terminal availability.
5. Invoices will be issued monthly to the consignee (according to the liberalization). Payment is due within 30 days of the invoice date.
